

Diagnostics	Type	Turnaround time*	Price €
Hemoglobinopathy diagnostics	Hematology and DNA testing	60 days	750
Molecular genetic testing	Confirmation/exclusion of a known mutation	28 days (FSHD 90 days)	350 (FSHD 1000)
	Prenatal testing (known mutation)	14 days (exception FSHD1)	700
	Mutation scanning	See: <u>exact laboratory turnaround times and prices</u>	**
Postnatal genome diagnostics	QF-PCR	2 working days	On request
	Karyotyping urgent	5 working days	On request
	Whole Exome Sequencing (single patient)	On request	1600
	Whole Exome Sequencing (trio analysis)	On request	3200
	Other techniques	28 days	On request

*The turnaround times are calculated from the day of receipt to the day that the result leaves the laboratory. In urgent cases, shorter time periods can be arranged. Please contact the laboratory.

**When several genes, for the same disorder, are simultaneously requested, the price will not exceed €1500,-.
