

Databases 16-9-2014

De Walaeus Bibliotheek biedt een aantal geselecteerde databases aan op <https://www.lumc.nl/org/walaeus/databanken-catalogi/>. In het navigatiemenu aan de linkerkant van deze pagina staan ze alfabetisch gerangschikt.

Omdat er naast deze geselecteerde bestanden veel verschillende bestanden bestaan die ook nuttig kunnen zijn voor het zoeken naar literatuur, is in deze lijst een groter aantal bij informatiespecialisten bekende en gebruikte bestanden opgesomd. De bestanden zijn gerangschikt in vier lijsten:

1. Alfabetische lijst
2. Discipline-lijst
3. Onderwerpslijst – NLM-code (corresponderend met de onderwerpsplaatsing van boeken)
4. Fulltextzoeken

1. Alfabetische lijst
